REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of the

Town of Leyden:—

Herewith, I submit the annual report of the Public Schools for the fiscal year 1931. It is the seventh report of the present superintendent.

The various schools have been maintained as usual and for the usual time except the West school. The pupils who had attended the East Colrain school during the past year, due to the closing of the West school, were given the opportunity to attend their own school beginning with the opening of the fall term. Miss Muriel Worthington of Palmer was secured as the teacher and the school has been running with six pupils attending.

The other schools have been in charge of the same teachers as last year and with practically the same number of pupils. Instruction has been painstaking and thorough and the attitude of the pupils attentive and progressive. The interest of the teachers in self-improvement is excellent, and the fact that two teachers attended the Summer term at Fitchburg is praise-worthy and denotes an intention to keep abreast the times in methods of instruction and modern ideas.

The pupils in the various High Schools are attaining high scholastic standing, one of our graduates of last June, Douglas Barton, receiving special honors for scholarship and for preeminence in the three essentials of Scholarship, Loyalty and Achievement for which he received the Balfour medal.

Graduation exercises in the Town hall were very creditable and displayed a continually increasing progress in studies and in general mental development. The attractiveness of the new surroundings helped to make the exercises impressive.

Epidemics have been only of the milder type, for which we are thankful, as the scourge that left so terrible a trace in other communities passed us by. The new nurse, Miss Catherine Herron, has devoted herself to the problems and taken a personal interest in every case as it has arisen.

In spite of hard times and depression, the schools

must go on without interruption of any sort. The depression will pass away but any backward step which will narrow the opportunities of the children will leave a lasting mark. We are giving the pupils no more than the necessary essentials of an education and every item offered must be continued.

Statistics

School Census, October 1, 1931

Number of persons in town, 5 to 7 years of age.....	10
Number of persons in town, 7 to 14 years of age	38
Number of persons in town, 14 to 16 years of age.....	12
	<hr/> 60

The total pupils in school is two larger than last year, one less in the Elementary Schools and three more in High School. This condition is the same as is found throughout the whole country.

Respectfully submitted,

LINVILLE W. ROBBINS,

Superintendent of Schools.

REPORT OF SCHOOL PHYSICIAN

Report of examination of the school children in Leyden: In general the physical condition of the children examined was found to be satisfactory. There were several minor ailments, some of which, should be corrected.

Among the 45 children examined—

- 15 presented carious teeth
- 2 presented crusting dermatitis
- 2 presented deviated septum
- 1 presented infection external auditory canal
- 4 presented chronic infected tonsils
- 4 presented minor heart conditions
- 1 presented scaly scalp
- 2 were underweight
- 2 were overweight
- 1 fair posture

I was particularly impressed with the large number of well cared for teeth at the Beaver Meadow school.

Respectfully submitted,

R. SHELDON CLAPP, M. D.

REPORT OF SCHOOL NURSE

Three days of school nursing service have been given since October 23, 1931.

Four home visits were made, three children being referred to the school physician.

General class room talks were given to help create an interest among the children in regard to health. The interest shown by the children in this respect was more than appreciated.

The cooperation given by teachers and parents was also greatly appreciated.

Respectfully submitted,

CATHERINE E. HERRON, R. N.
